A brilliant reception was given on Thursday evening at "Oakwood," the beautiful suburban residence of Captain and Mrs. Thomas D. The bride was assisted in receiving by Miss Mary Hanson, Mrs. Joseph A. Glasgow, Mrs. A. Jaffe, Miss Mary P. Duvall, and Mrs. James H. Taylor, Jr. The entire house was beautifully decorated with ferns and potted plants, and beautifully illuminated. A very large number of invitations were sent out, and the house was thronged with guests throughout the evening.

A concert was given at the Fredericks Hotel Wednesday night, which was largely attended and highly enjoyable. The program was beautifully decorated with autumn leaves, and the large veranda was lighted with a number of Japanese lanterns. The exercises included several solos from Mrs. R. N. Blackford, from Miss Nelson Maxwell, Messrs. Lynn Tucker, Lewis Boyd, and Joe C. Stiles. Mr. Stiles, who is a son of Major Robert Stiles, of Richmond, made a great hit by his solo selections, and was warmly received, having to time and time again respond to cheers.

The members of the Success Literary Society on Tuesday night were tendered a most appetizing oyster supper, and every one present had a most delightful evening. After the supper speech-making was indulged in, and several of the members responded to toasts. Mr. Henry L. Lang presided as toast master.

### HIGHLAND NOTES.

(Special to The Times-Dispatch.)  
MONTREY, VA., Oct. 15.—Mr. G. G. Clelland has just sold to William Hines his valuable little farm at Mill Gap and will go to Belmont, a growing little town on the new railroad in Pocahontas, VA.

Nearly all the fat cattle and sheep are being loaded this fall at Durbin, instead of Staunton, as in former years. The drive to this point is about one-half the distance to Staunton, and the drift is much less. Dry weather has cut short the fall grass and stock is moving rapidly.

### BOYDTON, VA.

(Special to The Times-Dispatch.)  
BOYDTON, VA., Oct. 15.—There have been no changes in the mercantile line of business in this place this week. W. H. Jones & Co. have sold out to W. T. Dodson & Son, who will continue business at the old stand, and L. P. Webb has sold.

### What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any benefit. Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiments have proven that the best and most medicinal use is that obtained from Calcium (Calcium Sulphide) and in drugstores under the names of Stuart's Calcium Waters. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, active form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Waters are undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Waters. In patients suffering from boils, tonsillitis and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Waters is a proprietary article, and sold by druggists, and for that reason, tabooed by some physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin diseases as this remedy."

At any rate people who have tired of pills, cathartics and so-called "blood purifiers," will find in Stuart's Calcium Waters, a far safer, more palatable and effective preparation.

### HICKORY BOTTOM.

"Hickory Bottom" is a colonial home in Hanover county. It is the old Brown homestead. The exact date of its erection is not known. This is one of the old places that has been kept in thorough repair, having been sold to a wealthy northern man, Dr. Randolph Taylor, of Pennsylvania, a number of years ago for a summer home and hunting ground. The house was built of large white oak logs sawed flat and fastened together at the corners. It is two stories in height with a cellar beneath, but when it was remodeled the logs were not allowed to be moved, but were covered so that the house now has the appearance of a modern frame dwelling.

"Hickory Bottom" was first owned and occupied by John D. G. Brown, afterwards by his descendants until sold to the present owner.
